

CRDA is proud to present our 2018 Year End Clinician:

Patricia Kottas-Heldenberg

Patricia Kottas-Heldenberg, because of her family background, has been working with horses since a very young age.

Patricia has been Viennese Dressage Champion at the Junior Rider, Young Rider and Senior Rider levels. She has been focused on the starting young horses and training them all the way to Grand Prix. Patricia also coaches many clients who are competing successfully under her guidance.

Currently Patricia balances training riders and horses to Grand Prix level at her home stable as well as travelling all over Europe giving clinics.

She enjoys working with riders of all levels. And following in her Father's footsteps, Arthur Kottas-Heldenberg, Patricia is also very proficient with work in hand.

November 17th and 18th at Apple Knoll Farm in Millis, MA
